SUMMARY

Goal-oriented and motivated Computer Engineering student with a solid foundation in software development principles. Successfully completed intensive training programs at the Information Technology Institute (ITI) and the Digital Egypt Pioneers Initiative (DEPI), demonstrating a strong commitment to continuous learning and professional growth. Eager to apply academic knowledge and practical training to real-world projects within an innovative and growth-oriented organization.

SKILLS

C# & OOP	Web API	HTML	Design Patterns	Problem Solving
LinQ	SQL	CSS & BootStrap 5	Algorithms	Communication
Entity Framework	SOLID Principles	Jquery	Data Structures	Teamwork
ASP.NET Core	Git & Github	Javascript	Clean Code	Time management

PROFESSIONAL EXPERIENCE

- Information Technology Institute (ITI) | Summer training****Sept 2024 - Oct 2024**
 - Completed a one-month training at the Information Technology Institute (ITI) on the .NET Development track, where I gained hands-on experience with MySQL, Introduction to C#, Entity Framework, and ASP.NET MVC.
- Information Technology Institute (ITI) | Summer training****Aug 2024 - Sep 2024**
 - Completed a one-month training at the Information Technology Institute (ITI) on the Cyber Security track, where I gained hands-on experience with Network Fundamentals, Advanced Network, Ethical Hacking, Cyber Security Essentials, Palo Alto and Fortigate NSE4.
- Digital Egypt Pioneers Initiative (DEPI) | 6 Months program****Nov 2024 - May 2025**
 - Participated in a six-month intensive program at the Digital Egypt Pioneers Initiative (DEPI), covering a wide range of topics including Functional Documentation & Unit Testing, Containerization basics using Docker, .NET Core Web API, SQL Server Programming, ASP.NET Core MVC, C#, HTML5, JavaScript, CSS3, Git & GitHub, and Prompt Engineering. The program also included a Capstone Project showcasing practical application of acquired skills.

EDUCATION

- Bachelor of Engineering in Computer Science****Oct 2020 - Present**

Menoufia University

 - Graduation Project: Healthcare management system (CareConnect Egypt)
 - Excellent grade

PROJECTS

- **E-Commerce Website (DEPI Project):** Developed a website where users can browse and buy products.
Technology: ASP.NET MVC
- **Healthcare Management System (Graduation Project):** Developed a website where doctors can present their services and patients can book appointments and complete insurance requests.
Technology: Web API
- **University System:** using JAVA language, i actually succeeded in build it.
- **Hack Mr Robot:** I actually succeeded in hacking Mr. Robot using hack the box site.
